RACES

Tuesday's Races

Rain hung off until the hour arrived for the first heat in the 230 class trot. A mist developed into a driving rain from the south, but Starter Isaiah Morrill called out the field and collected four starters with very little jockeying. Despite rain and mud the heat was pulled off in 2:24 1-4. Soon after the lunch got away the field separated in pairs and a two-in-one condition developed.

Nancy Hanks was matched with Lady Johnson until the end. The field closed in the following order: Nancy Hanks (Fox) first; San Remon (Gould) second; Mauriath Inn Ke'ahag (McNair) third; Lady Johnson (Jordan) fourth.

Driving rain and the track a sea of mud and water caused Starter Morrill to postpone the races until Wednesday afternoon.

The Norway-Paris Band occupied seats well up in the grand stand to cheer the few faithful who braved the elements and huddled to escape moisture. No running races or vaudeville was put on and the baseball game postponed.

Rain checks were issued at the grand stand office to all who desired seats on the following day.

Racing Wednesday

Five snappy races on the card with vaudeville acts, band concerts and running races attracted approximately three thousand spectators into the grand stand and another thousand around the track. The weather man was good and sent ideal cattle show weather, which dried out the heavy track and made everybody happy.

Two heats in the 230 trot and the 217 class postponed from Tuesday were completed, and the regular second day program finished before dark. Isaiah Morrill of Brunswick was starter. The timers were Thomas Thibodeau, Norway; Irving Thibodeau, Medford, Mass.; and C. H. Hill, Harrison.

The fastest time developed in the 217 class with Dwyer, owned by Harry Colburn, Lewiston, and driven by Waite, making 2:14 1-4 in the first heat. This mark was within one and a quarter seconds of the track record.

Five heats were needed in the 219 class to place the first and second money. Addie Echo and Ralph F. Wilks jogged around the course in the fifth to decide the question after Windmonon Wilkes and Admiral Black had been ruled out.

Split heats in the 217 and 226 carried each race into the fourth column with a sharp fight for the money.

Ladd's stables in Vermont started four runners with jockeys in half mile heats, best two out of three. "Sphenix" went badly in the first round and was withdrawn, leaving three to settle the race.

Races Thursday
The largest third day crowd ever in the grandstand was on hand early and entered in the spirit of the occasion. Three good races were staged and fast time made. Lowering the track to 2:12 by Silver King, owned by C. F. Hill of Harrison and driven by Frank Fox was the big feature. The low mark was registered in the third and final heat of the Free-For-All. This pretty match was decided in straight heats with Silver King monarch of all with pep in reserve.

Peter Alto in the 225 trotting stake went wild in the second heat and ran nearly three-quarters of a mile before driver Card was able to get control. The third and fourth heats went without a skip and second position made at the finish of each heat.

Distance was waived in the Free-For-All. Brown Stout kept in the field by this agreement and trailed under the wire in fifth position during the three heats.

Annual Meeting
The annual meeting was held in the Society's rooms Thursday afternoon and called to order by President L. E. McIntire. A large representation of the membership attended.

Vice President E. W. Penley of West Paris was elected to succeed himself as president for three trustees, C. W. Bowker, South Paris; Arthur G. Hayes, Oxford; and A. W. Weston, Bolster's Mills. Secretary, W. O. Frothingham cast a single ballot for each according to a vote of the meeting.

A vote was unanimously carried to amend an article in the by-laws so new members eligible to vote at the annual meeting must have been a member at least sixty days before said meeting. Meeting adjourned at the end of this business, having been in session about twenty minutes.

Eating House Square
This was a most attractive place along the noon hour. It was not wholly a question of choice, but where one could get something to eat.

Merrill's Luncheonette, South Paris, sold lunches and ice cream, soft drinks. The Norway Congregational Circle had lunch thing but the beans," and ice cream. Dunham's lunch room, South Paris, was run, on the European plan. They had their menu right out in front so all could see. Twitchell's House gave a full dinner for 50c. Ladies Social Union, South Paris, served a regular baked bean dinner. Lovejoy's Eating House, Oxford, served a regular dinner for 50c.

A USEFUL PAIN

Norway People Should Heed Its
Warning

Have you a sharp pain or a dull ache across the small of your back? Do you realize that it's often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. Use Doan's Kidney Pills. Profit by a Norway resident's experience.

Mrs. W. J. Olmstead, 95 Main St., says: "My kidneys began to give me trouble as they were weak. My back ached so badly I could hardly get through with my housework and everything I undertook to do seemed to drag. I was dizzy and could see star-like spots before my eyes. My feet and ankles swelled. I read about Doan's Kidney Pills being so good and sent for some. When I had finished taking them, I felt as well as ever. The backache ceased and my kidneys became regulated. I have told a number of people about Doan's Kidney Pills and never fail to recommend them."

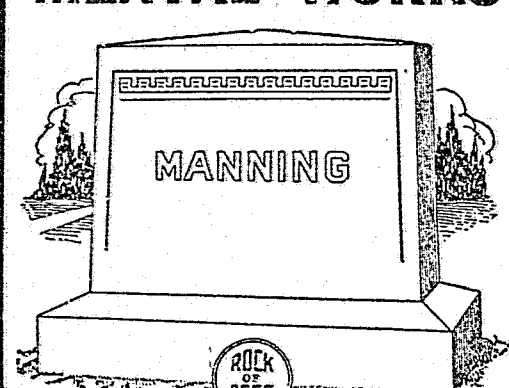

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Olmstead had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

STATE SUNDAY SCHOOL CONVENTION

The 53rd State Sunday School Convention will be held at Augusta, October 17, 18 and 19. The convention will be made up of delegates from the nearly 1,000 Sunday Schools of Maine with an aggregate membership of nearly 100,000. The Convention is Intentional. All Protestant Sunday Schools may send delegates, the number to which they are entitled being determined by their enrollment, viz., two delegates for every one hundred of membership besides pastor and superintendent. It is expected that upwards of 500 delegates will be present at Augusta.

The invitation to meet in the Capitol City was extended some months ago by representatives of the churches, Chamber of Commerce and other organizations. Committees to care for the comfort and entertainment of the delegates as well as to handle the details of the convention have been organized and are at work. These conventions began to be held as long ago as 1869 when the Sunday school workers of the state met in Lewiston. An annual meeting has been held every year since with the exception of 1918 when the prevalence of influenza made a convention inadvisable.

State Conventions of the Sunday school bring to the State leaders in religious and educational work from all sections of the continent. This year will be no exception. The theme of the Convention at Augusta is unique in its interest, Building a Righteous State. It is most appropriate that in considering the relationship of religious education to righteousness, the convention should be in the Capitol City.

Special numbers in music and pageantry will add to the attractiveness of the program. A Rainbow Chorus of over 100 children from the Sunday Schools of Augusta and vicinity will furnish music at one of the evening sessions. On the closing night of the Convention, the pageant, "The Light of the World," first produced at the World's Sunday School Convention in Tokyo, Japan, and repeated last June in Kansas City, will be given. There will be over 100 participants. A visualization night will visualize the work of religious education throughout the entire world by means of the stereopticon. This feature will be in charge of Dr. S. D. Price of New York. No State Convention in Maine has ever made such elaborate provision for conference sessions as this year. Two entire afternoons will be devoted to the close study of individual church school problems and methods of work for all the age groups in the Sunday school.

If Mothers Only Knew

Thousands of Children Suffer From Worms and Their Mothers Do Not Know What the Trouble Is

Signs of Worms are: Constipation, deranged stomach, swollen upper lip, offensive breath, hard and full stomach with pains, pale face, eyes heavy, short dry cough, grinding of the teeth, little red points on the tongue, starting during sleep with troublesome dreams, slow fever.

Mrs. H. N. Roberts, 502 Asylum St., Flint, Mich., wrote to Dr. J. F. True & Co.: "My little girl is relieved of her worms." And in a later letter wrote: "Baby is fine and it was your medicine, Dr. True's Elixir, the True Family Laxative and Worm Expeller, that helped her."

A favorite for over 70 years; mild in action and pleasant to take—the 'kiddies' like it. 40c, 60c, \$1.20.

GREENWOOD CITY

Fire Does Considerable Damage

It is estimated that more than a thousand dollars damage was done on Wednesday, Sept. 6, when the residence of Herman Emmons was burned to the ground. A cedar chest and chair and a few of Katherine's clothes was all that was saved from the burning dwelling. Mrs. Emmons suffered a severe burn on the back and a light one on the face in endeavoring to save some of the things in the building. The fire, it is believed, started from a defective chimney. The house was small and was burned flat in about twenty minutes. No insurance was carried on the household goods, but it is believed Mr. Cole, who owned the building, carried an insurance on it. The destitute family are at Ralph Richardson's in Norway. Mrs. Emmons is sick in bed and under the care of a physician.

GIRL HAD PAINFUL TIMES

Mothers—Read This Letter and Statement Which Follows

Portland, Indiana.—"I was troubled with irregularity and constipation and would often have to lie down because of pains. One Sunday my aunt was visiting us and she said her girls took Lydia E. Finkham's Vegetable Compound and got well, so mother said she guessed she would let me try it. It is doing me good and I praise it highly. You are welcome to use this letter as a testimonial." — STELLA NEWTON, R. R. 8, Portland, Indiana.

Mothers—You should carefully guard your daughter's health. Advise her of the danger which comes from standing around with cold or wet feet, from lifting heavy articles, or overworking. Do not let her overstudy.

If she complains of headache, pains in back or lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, give her careful attention.

Lydia E. Finkham's Vegetable Compound is an excellent medicine for your daughter to take, as it is especially adapted to relieve just such symptoms. Remember it contains nothing that can injure and can be taken in safety.

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, her husband said: "My wife feels fine now and has gained weight. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. Frank Kimball, Druggist.

RESOLUTIONS OF RESPECT

Whereas: Death has again entered Sabbath Rebeckah Lodge No. 129 and taken from our ranks our beloved sister, Mary H. Pottle, therefore,
Resolved: That the memory of our sister may inspire us to be and to do all that our Order calls for in the best work of fraternal life, therefore,
Resolved: That as a token of respect and regard for her, our charter for the next thirty days, a copy of these Resolutions be sent to the bereaved husband, one placed upon our records, and one sent to the Norway Advertiser for publication.

RESOLUTIONS OF RESPECT

Whereas: It has pleased our Heavenly Father to permit the ascent of our sister, Sister Auretta Dresser.
Resolved: That we who cherish the memory of the sister, who has been taken from her home and our circle of Friendship, Love and Truth, we can but realize that she has passed that dark portal through which we must all go to be again joined in fraternal greetings in the great beyond.

Resolved: That while we deeply sympathize with those who were bound to our departed sister by the ties of love and friendship, we share with them the hope of a reunion at that better life where there are no more partings.
There is only a curtain between us, Between the beyond and the here, They who we call dead have not left us; Nay, they were never so near."
Resolved: That these Resolutions be published in the Norway Advertiser, a copy forwarded to the family of our departed sister, a copy spread on our records and that we arrange our charters for the day.

Ned Shepard and a bull moose struck up an acquaintance Friday forenoon. They met in a field near Shepard's Camp and were within thirty feet of each other before discovery. FAIR NOTES

C. H. George of Hebron was on the grounds as usual. He helped those who needed assistance. For more than 50 yrs. he has been here. He recently sold his farm to Starns and Daniels and is expecting to buy a place in South Paris, more there. He bought the Tubbs farm in Hebron in 1869 and has made it his home since. Few people realize that he has just started on his 80th year. He was born in Plymouth, N. H., Sept. 3, 1834. He was in Company B, 16th Maine Regiment and Dec. 13th, 1863, his arm at the battle of Fredericksburg was wounded in the right arm and several inches of the bone removed, making the arm almost useless.

Mrs. Flora Maxim, South Paris, Mrs. George West, South Paris, had braided rugs; Mrs. M. E. Holman, Oxford, drew.

Ruth Cummings, pianist; Marion Haskell, violinist; Mary Mealand Stone, soprano soloist of Norway, gave concerts Exhibition Hall, Wednesday and Thursday, from 11 to 12 and from 1 to 2 o'clock.

Random Pick-Ups

A splendid musical program was rendered in the Exhibition Hall by the trio, Mary Mealand Stone, vocalist; Ruth Cummings, piano accompanist; and Marion Haskell, violinist; all of Norway. The numbers were given from 10:30 A. M. to 12 and 1:30 P. M. to 3 P. M., on Wednesday and Thursday.

Norway won over Lewiston with a score 7-4 Thursday forenoon. Carl Masterman promoted the event, engaged the players and got an opposing team to meet his organization. Norway's line-up included a few of the former Twin Towers and several from the West Paris nine. "Pidie" Purinton occupied the box. A mixture of Star Taxis, Augusta and other strong players made up an outfit representing Lewiston. Rain stopped all chances for this sport on Tuesday.

The Norway-Paris Band played their first fair ground engagement this year. Allie Cota was director and furnished sixteen musicians. All but two were local members. Frank Knapp of Dry Mills and for years a resident of Norway and South Paris was one of the extras engaged for the job. As a strong cornet player, Knapp was going and fully up to the high mark attained years ago. The band gave satisfaction and received many compliments.

Walter S. Stearns observed a birthday anniversary Wednesday and received a box of cigars in the afternoon while with the band at the races. The gift was from the band members, and instigated by Edward Shay and Frank P. Knapp. Geo. Hill, the popular pipe, made the presentation speech and passed over the gift before three thousand spectators. Mr. Stearns responded.

Franklin Maxim of South Paris carried on the check room in the past twenty-six years. His grandson, Frank Maxim, and Lydia Sweet assisted during the rush. Business was good with many wraps and parcels left for safe keeping.

Mrs. Sadie Parlin, Helen Barnes, Mrs. Sophia Clark and Mrs. Louie Clark handled the exhibition hall entries and prepared carbon copies of premiums for the press.

Probably a thousand people attended the first day. A conservative estimate places the attendance about 20,000 on Wednesday. The largest third day crowd is reported on Thursday with not far from 16,000 on the grounds.

Policing the grounds was done effectively. Sheriff H. D. Cole had deputies including H. O. Stimson, B. B. Billings, Ernest Shaw, A. F. Goldsmith and others. Local officers Ernest Hutchins and Horace Kimball watched traffic at the gate and around the judges' stand. Walter Douglas of Bethel kept tabs on automobilists.

T. P. Richardson and W. H. Kilgore, superintendents of the trotting stables, were busy around the stalls. "Largest number of horses in years" was their comment. Edwin Richardson and Fred Barnes assisted when not engaged handling tickets at the north end of the grand stand.

Several wallets and hand bags are reported missing. Mrs. Harry Ordway of South Paris lost a hand bag Thursday afternoon. She laid the wallet in a safe place, as she supposed, while her attention was taken for a minute with one of the children. The wallet disappeared, house keys, a small amount of money and a check for \$2.00 went with it. The keys were found later. The grounds near the scene of the incident.

Along the Midway

The midway, to be accurate, two and a half midways, were crowded with booths, tents, amusement devices and open air pit shows. Never before have so many fakirs and concession people crowded into the area allotted for this purpose. Such a variety of money catching was the "variety of money catching" as ever. This year this particular amusement was converted into a game of skill and the pick out idea not allowable. Dart throwing or covering disks were used in the game, but was not quite so exciting as the old form and hardly created the enthusiasm for the gay dolls as in former years.

Among the locals were "Shorty" Faneuf with Edwin Thompson as assistant. Guy Harriman and "Cappy" Smith were there with a line of soft drinks. A. J. Richardson, assisted by Mrs. Richardson and Mr. and Mrs. William Harriman, handled a good business on the corner. Near them was Henry Stone Post, American, was carrying a varied supply of drinks and smokes. Their business was rushing. A. L. Clark's big barrel containing foamy drinks was the mecca for the thirsty.

Leverage has been popular at Old Orchard and during this fair. Raymond C. Dunham, Scotchman, had a location in Eating-House Square and handled Mr. Madison bottled goods near the side entrance in the hall. Will Rice of Auburn, formerly of Waterford and Norway, had good business near the Dyer, formerly of the race course. Ed. Dyer, formerly of the race course, had sandwiches and fudge for sale. "Bud" Merrill carried on business opposite the eating houses. Harry Bridge, known as Bridge of Bridgton, was on hand with pop corn and hot.

Nine pin games proved attractive. Ed. Hammon of Norway operated a busy layout on his usual location, James York, formerly of Norway, had a bowling nine pins, a high striker, and a stuffed dog to knock over.

Vaudeville Features

Damon, the educated pony, was one of the feature acts provided by the B. F. Keith, Vaudeville Co. on the platform in front of the large grand stand. The intelligent animal did many wonderful stunts, perhaps the striking mental trick was picking numbers selected by persons in the stand. For acrobatics the circus leaped from a swinging trapeze platform to a stationary perch and returned without a skip.

Raymond and Geneva put on a double novelty act. Raymond proved a juggler extraordinary, juggling with his hands, china tea sets and Indian, a hat, in one manner. Chin balancing was his specialty and the Japanese juggling sticks were cleverly handled. He was also an acrobat and handled himself on the platform and in the air while skipping rope. Geneva was his assistant and worked on an easle with crayon when not otherwise employed.

Both acts were given once on Wednesday and Thursday afternoons. Other good stuff in this line would be appreciated as a crowded grand stand each day might show the feeling toward an entertainment of this sort.

POULTRY EXHIBIT

About the usual number of birds were shown with Rhode Island Reds predominating. The show was in charge of the Western Maine Poultry Association with Pres. Ernest P. Crockett, Harry Lovejoy and C. Guy Buck looking after affairs. Single birds were allowable as entries; this year, but as the word had not reached many exhibitors, the display was largely in pairs in former years.

W. H. Whipple of Portland, secretary of the Portland show, judged the exhibit. James C. Cleveland of Norway was the largest showman with at least seventy birds and many breeds. E. P. Crockett showed twelve fine specimens, the Coffin farm at Mechanic Falls was represented by nineteen B. I. Reds of fine quality. The pen of Reds from Harry Goodwin's Red Feather Farm, Norway, was a fine exhibit and attracted favorable comment. Freehand Witham had nine Barred Rocks of excellent quality and Willard Lebrooke's Reds made a good addition to this department.

The display comprised the following entries:
White Leghorns—L. W. Doughty, Norway; Dudley Emery, Bryant's Pond; Carroll Deceator, Norway (student Norway vocational course).
R. C. White Leghorns—M. C. Briggs, South Paris; C. R. Morey, North Waterford.

Agricultural Exhibits
A. W. Walker & Son occupied a tent and considerable space, offering one of the best displays since they commenced this method of advertising.

Four demonstrations from the International Harvester Co. were on hand to show the various implements and explain their merits. Percy Walker and his local assistants were also busy answering questions and explaining the various labor-saving machines.

The stock included among other valuable aids to farming, gasoline engines, separators, electric milking machines, farm lighting outfits, electric pumps, ensilage cutters, and the famous International Harvester Trucks. The scientific way of protecting buildings by rods was demonstrated on a large model house.

Hundreds visited the show, making their headquarters at the tent during the fair. The wide spread interest in new labor saving implements and a tendency to place orders was noticeable this year, even though many cry hard times.

A good sized space under the grand stand was utilized as in former years by W. K. Clifford. His display included the Curtis Easy Pull Mower Spreader, grain drill, wood-sawing outfit and Simplicity gasoline engine. The Leroy sulky plow, potato planter, a fertilizer distributor, ensilage cutter and blower were among the prominent implements. A pipeless furnace of the Monierfak made was there as a suggestion of cold weather comfort.

Road to Success
Commit they way unto the Lord; trust also in him; and he shall bring into pass patiently for him.—Psalm 37: 5, 7.

S. L. Burr Company, commission agents in Boston are advertising for fruit, produce, poultry and eggs. See ad.

Sent in: "Military training is not being done in a certain Oxford County home. That deep voice, issuing commands, is the voice of a phonograph record, directing the lady of the house in her daily flesh-reducing exercises."

Cattle Department

Pure bred were strong in this department with prominent herds conveniently located and well represented.

Drift Rock Farm of South Paris, L. B. Card, proprietor, showed a herd of Pure Bred Guernseys, headed by the imported Bull Governor of Wintthrop. This is a young herd and a good start has been made toward producing clean cut stock.

L. E. McIntire & Son made a splendid showing with the pure bred Holsteins from the Greenfield Farm, East Waterford. This is a valuable and clean cut herd greatly admired by all.

Sumymade Farm, Oxford, had a fine display of pure bred Holsteins that won many ribbons at the State Fair. A. D. Cummings, the proprietor, and his son, George Cummings, were on hand to show stock and talk it over with many visitors.

Clover Lane Stock Farm, Oxford, was prominent with a display of pure bred Holstein cattle. Fine specimens of the breed were shown in this neat display.

Grade Jerseys in one large herd captured a bunch of ribbons. L. Neil Lovejoy, South Paris, owned the herd and made a creditable showing. C. R. King, South Paris, also offered a clean cut display of the same breed.

Many town teams and matched cattle with numerous beefers formed an attractive display. The oxen were well matched for size and weight and did some strong stunts before a crowd in the pulling matches.

Altogether this department was the best in years with a tendency toward rapid improvement and higher quality in stock.

THE FIRMAMENT

In quoting from Garfield's memoirs who was one of our staunch Republican presidents, and met death by the hands of an assassin, who was thought at the time of be filled with hatred toward the deceased president because he had lost his federal job, we have the following: "It is said that he found the Lord's prayer and the simpler petitions learned in infancy infinitely restful to him, not merely in their stated repetition, but in their casual and frequent recall as he went about the daily duties of life."

Certain texts of Scripture had a very strong hold on his memory and his heart. He heard, while in Edinburgh some years ago, an eminent Scotch preacher who prefaced his sermon with reading the 8th chapter of the Epistle to the Romans, which book had been the subject of careful study with Garfield during all his religious life. He was greatly impressed by the eloquence of the preacher and declared that it had imparted to him a deeper meaning to the majestic utterance of St. Paul. He referred often in after years to that memorable service, and dwelt with exaltation of feeling upon the radiant promise and the assured hope with which the great apostle of the Gentiles was persuaded that neither death, nor life, nor angels, nor principalities, nor power, nor things present, nor

The Burnham & Morrill Co. corn factory opened Sept. 4 and small amount of corn was handled the first week. Business is moving more swiftly this week.

John Wight, who helped on the repairs at the brick grammar schoolhouse, has a quantity of pumpkin pine used for firewood in the building. Old age and down saw, also the width and quality of the boards. Several boards are two feet and more wide, free from knots. WHAT WE SAW IN THE HALLS

There were three Granges—Frederick Robie, No. 397, Paris, No. 44, motto, "The Farmer Feeds them All"; and Hebron.

Hebron decorated in white and cat-tails. The brown tails were effective. The grasses, grains, vegetables and farm produce were fine. The food case held place of honor in the center and it was filled with cooked foods. Hebron is a great fruit town, and the fruit shown was a credit; also the canned goods. There was a lot of nice needle and fancy work.

Dwight Cushman, Alton Hobbs and Sadie Cummings were the general committee.

Paris was in green and white crepe paper. General committee—Mr. and Mrs. Austin Stearns, Jr., Mr. and Mrs. Raymond Gates, Mr. and Mrs. Fredland Cummings, Grace Starbird and Mattie Richards. Sensible knit goods held a prominent place, the bank of cut flowers made a bright spot. In the food case was a lot of good eating. We noticed a chicken just the right turn of brown. A hatchel to comb flax, date 1870, used by George L. Chase's grandparents, canned goods, fruit and grains, were all right.

Frederick Robie was decorated in pine needles and cones over white. They had a large variety of fancy work. When one looked through the bright colored canned goods towards the light of the window the shades were lovely. The quilt put together in the form of houses was a novelty. The corn was large and there were dried apple and hops and a spray of peas. The general committee were: Sanford Ames, Mr. and Mrs. Chas. Thurlow, Mr. and Mrs. Isaac Fox, Mrs. George Linnell and W. A. Brett. The food case had a good boiled dinner, baked beans, honey, maple sugar, salt pork, and all kinds of cooked things.

The golden eagle, two thirds grown, exhibited by Mrs. Scott Merrill, Norway, was a noble bird.

One would never think this was an off year for apples and other fruit by the fruit shown. Frank Richards, South Paris, was busy judging this department, and he will tell you "who's who" in the premium awards.

Agricultural Class Motor Tour

The members of the Agricultural class of Norway High school went on their annual tour of investigation, recently. They travelled in two automobiles with the following members in the party: Norman Annis, Ervin Cummings, Carroll Deceaser, Charles Everett, Harold Nevers, William Smith, Harlan Littlefield, Harold Thurston, George Young, Alva Richardson, Lester Richardson and Prof. Edward H. Brown. Object of this trip was to give the rural boys a clearer insight into modern farming and an acquaintance with some of the successful agriculturists in the state.

The start was made from Norway on Aug. 29, with the first stop at the Penley Packing Plant at Auburn. The killing, finishing and curing was observed, and the process in manufacturing frankfurts and sausage was an interesting study. The superintendent told them the most practical time to ship hogs was when they weighed from 175 to 250 pounds. The largest returns per hog for each pound of grain fed is obtained at this weight.

Highmore Farm at Monmouth was the next adventure. Being an experiment station the party observed twenty-eight different kinds of silo corn under investigation in demonstration plots. The extensive orchard and large barns were inspected carefully and many field notes taken.

After lunch the party motored to the State House at Augusta and looked over the executive buildings. An interesting place was the farm carried on at the State Hospital, where a large herd of Holsteins are the pride of the state.

Prominent farms along the road to Waterville, Fairfield and Clinton were looked over. Camp for the night was made by an old schoolhouse beyond Clinton. A brilliant camp fire added cheer and the boys made merry until an early hour.

Wednesday morning, breakfast was served with the early birds. All broke camp at 6.15 and the trail was hit toward Bangor. Several stops were made on the way and many interesting things noted. At 10.30 the automobiles drove up to the Ayrdale Jersey Stock Farm where some of the best Jersey cattle in the world are raised. One herd of a hundred and sixteen head was a beautiful sight and worth traveling a long distance to observe. The barns and tables were inspected and the creamery with its ammonia brine system proved a curiosity to the boys. Making ice cream from water was another novelty.

Oldtown was made by a detour, reaching Orono in the afternoon, where tents were pitched on the state college campus. A tour of inspection was immediately started with the University buildings among the first to be attacked. The museum offered wonderful things and the barn with its herds of graded cattle proved an interesting study. Most fortunate were the boys for being in season to see the State herd picked from the foreman in the state to represent Maine at the Springfield Exposition.

In the evening the boys put agriculture aside and went sight seeing through Oldtown and Orono. They slept soundly on the campus that night.

Everybody turned their faces toward Norway, Thursday morning. A different route was selected, which carried the party to the famous Round barn at Winslow. In this unusual structure 37 head of cattle can be tied up in a circle. There is a large silo in the middle with room for feeding and storage. It is said one hundred and twenty-five tons of hay can be stored away in the barn. The silo will take care of twenty acres of ensilage corn.

W. B. Kendall's sheep ranch at Bowdoinham was one of the high spots on the trip. Three hundred sheep were seen and herded by a dog especially trained for the task. The party was offered full access to the place and every part was inspected. Mr. Kendall provided a camp site on the peninsula extending into Merrymeeting Bay about four miles from the rancher's home. The spot was ideal with a fine beach for swimming. A corn roast was down the curtain on a perfect day.

The last day on the road commenced Friday morning at 7 o'clock. Reaching Auburn, the State Fish Hatchery was visited where many thousand trout, salmon and toge are in all stages of growth. Great was the temptation to catch the nine year old grandfather trout weighing nearly seven pounds. Fishing was not allowed and the boys were content to watch the big fellow perform during feeding time. The party reached Norway, Friday afternoon, with note books bulging and heads crammed solid with practical things seen and heard. Altogether it was a wonderful experience and a happy outing, with its effects to be impressed on in class work the coming year.

A professor at the University in conversation with Prof. Brown, spoke of a great experience a trip must be for the rural boys. He said, "I believe this method is one of the best ways of teaching practical vocational Agricultural education to the boys."

Miss Ethel Bradbury has been spending a week with her parents, Mr. and Mrs. Thomas Bradbury. Miss Bradbury has been at Brown's Camps during the summer.

Mrs. Austin Dustin and daughter Marion have returned to their home in Greenfield, Mass., after spending two weeks with her parents, Mr. and Mrs. Will Sanborn.

Merle C. Hathaway of Providence, R. I., is spending two weeks with his parents, Mr. and Mrs. George F. Hathaway. Mrs. Charles Annot of Loviston is visiting friends in town and will attend the fair.

Mr. and Mrs. Tracy and daughter of Auburn were visitors at Mrs. Mary J. Bennett's, Sunday. Mrs. Tracy, nee Grace Keene, was employed in the Advertiser Office twenty-seven years ago.

Rev. O. E. Barnard has been suffering with lumbago since his return from a vacation and is having a difficult time visiting his parishioners.

Walter Morgan of Auburn was in town during the week, visiting his relatives and taking in the fair.

Many stores have been gaily decorated with bunting and flags this week in honor of the big annual festival at the fair grounds.

The H. F. Webb cannery is running and a quantity of corn is being husked for packing. The season appears about normal with a large acreage nearly ready for delivery.

BASEBALL

Bethel 5; Ward Eight 4

The fast moving Bethel team defeated the Ward 8 Tigers of Norway in a hard fought contest at the West Bethel fair Saturday afternoon. Both pitchers were hit freely and extra base slugging was not unusual. Hanson pulled off a circus catch in center field which proved the sensational feature for the event. Bethel's game was a pair of runs in the first session and a single in the third. Two scattered tallies followed in the sixth and eighth. Ward 8 sent three across in the third and tied the score, one more in the third was the best offer the outfit could make as the following five innings went blank. The score:

Hobbs Family Reunion

The thirteenth family reunion of the Hobbs family was held Sept. 3 with Miss Annie M. Hobbs in Lynn, Mass. A bounteous dinner was served at noon, a social afternoon enjoyed and the attending of church services in the evening made up the program of the day.

Those present with Miss Hobbs were Mrs. Edwin A. Cox of Norway; Walter C. Hobbs of Boston; Mr. and Mrs. Fred J. Hobbs and son Caspar of Hudson, Mass.; Mr. and Mrs. W. Herbert Hobbs and daughter Miss Polly G. Hobbs of Island Pond, Vt.; Mrs. Clara Gilman and son Everest and her daughter Miss Doris Gilman of Duxbury; Clarence Lively of Hudson; Mrs. Minnie Hobbs and son Charles of Lynn and Mrs. C. W. Cummings of Hebron, Me. The only one of the family not present was Adam M. Hobbs of Miami, Fla., who was unable to take the trip this year. These reunions are of a quiet nature, but are looked forward to each year by the members of the family.

Previous to the reunion there is an interesting story. Mr. and Mrs. William Hobbs from Vermont, with their little daughter arrived in Lynn Friday about 1 o'clock, and after a quick dinner because they wanted to waste no time in getting to Miss Annie Hobbs' house, they got out.

"Somewhere on Broadway, opposite the engine house," were the only directions Mr. Hobbs could remember, because he had forgotten to bring along the postal card on which was written Miss Annie's address. So the family boarded a Peabody car and rode to their supposed destination. There proved to be no houses at all near said engine house, and disconsolately the Hobbs returned to town. The rest of the afternoon was spent in an attempt to locate Miss Annie or to get in touch with Fred K. Hobbs of Hudson, Mass.

At last, Ms. Hobbs secured a room at a local hotel and set out by himself on a tour of investigation. An officer directed him to headquarters where all that was possible was done to locate her. But all attempts were fruitless, as she had left her own home and seemingly vanished into thin air. Finally, tired and discouraged, Mr. Hobbs rejoined his family at the hotel.

The first thing Saturday morning, even before breakfast, Mr. Hobbs commenced getting in touch with relatives in Hudson, Mass., and secured his sister's new address.

Jeanette Freemando has finished her engagement as pianist at the Rex Theatre. Mrs. Agnes Morton of South Paris has taken her place.

Mrs. Etta Davis is having her house shingled. Lewis Davis and Philip McAllister did the work.

Merton L. Kimball has been committed to the insane hospital at Augusta for observation as to his sanity. On August 24 he was arraigned in the Municipal Court charged with larceny of a check, and his eccentric behavior at the time of his arraignment led to considerable comment as to his mental state. He was bound over to the September term of court for grand jury consideration. His attorney, James H. McCann, has in the meantime brought a petition for his commitment for observation, the requisite papers being signed by Judge Lauren M. Sanborn.

Arthur "Mickey" Welch passed portions of a weekly Eastern Argus dated July 31 and August 6, 1884 in a drawer of some furniture purchased recently at an auction. The paper has naturally supporting Cleveland and Handricks and John B. Reardon of Ellsworth for governor. The greenback party existed with the Cumberland county members in convention. Maud S. trotted a mile in 2:09 3/4 at Cleveland, Ohio and made a record. A squadron of the Greely Relief arrived off Portsmouth, bringing Lieut. Greely home. A local referred to Geo. Noyes of Norway, who rode a bicycle fifty-three miles in seven hours over the hills of Oxford County.

Fred Wentworth of Auburn was in town Sunday, visiting his parents. The cutting room at the Norway Shoe Co. factory is closed this week to relieve the congestion in other departments. W. T. Smith is having a chimney built on the outside of his house and will make changes in the rooms on both floors.

Fair News

THE BEGINNING OF THINGS

Business started early this year, especially was this noticed along fair row when outfits arrived late Friday. A steady stream of trucks loaded with tents and goods poured onto the grounds until late Monday and all available space was occupied. L. E. McIntire, superintendent of the grounds, worked early and late to handle the flood. Two mid-ways were laid out and soon the mushroom village sprung into existence. Never before has so many tents and booths been here. On the whole the outfits carried an air of prosperity with the owners flush with greenbacks and able to pay rental in advance.

"Pop" Foster, the long term victualer, arrived early on his well known location. John Kerrigan of Portland, a dispenser of cold drinks, set up on his space early and one of the first tents to appear. He came to this fair with his late father, W. W. Kerrigan, nearly forty years ago and continues the business at the same stand. The Lovejoys and Twitchells opened their eating houses early in the week to accommodate horsemen and others well acquainted with the fine meals served.

Decorations about the grounds were conspicuous days before the grand opening. This year the work was performed by the Y. D. Decorating Co. of Boston under the personal direction of J. A. Daley, the manager. They came directly from Lewiston after a successful campaign during state fair. Other fairs have been worked and they hope to make a landing at Farmington and possibly Fryeburg. Work for the Association included artistic displays on the exhibition building, two grand stands, the judges' stand, vaudeville stage, main entrance and four lines of flags and streamers across the concrete highway opposite the grounds. Considerable work was performed for individuals in Eating House Square and along fair row. Business places in Norway and South Paris were decorated by the same concern.

Monday was a busy day in the Hall with demonstrators, exhibitors, salespeople and grangers hustling to get everything in place for Tuesday. Supt. Chas. Bowler was everywhere and handled the rush with little difficulty.

Cattle arrived Monday with the "Sun-nymede Farm" holsteins among the leaders. A. W. Weston's herd arrived promptly and attracted attention.

Competitors for the races arrived Sunday and Monday until nearly every stall was occupied before the fair opened. Supt. T. P. Richardson was on hand and with a number of assistants cared for arrivals with no tedious waits. So many horses on hand at an early hour was unusual and probably caused by our fair following the State show so closely.

The E. H. Fellows Shows landed Saturday night and Sunday, arriving by rail in a special baggage car. They have been here many years so the youngsters waited impatiently for the ferris wheel, the ocean wave and merry-go-round to get under way. Mr. and Mrs. Fellows came Monday night, breaking their usual custom by not arriving with the shows. They sent ahead a hard-working crew and left everything in their hands.

Five automobile racing machines arrived over the road Sunday and found quarters on Charles Bowler's property at South Paris. Trouble developed by rough roads and one machine was badly damaged and sent to a garage for repairs. Low clearance was responsible and the racing machines are not built for the average country highway. The drivers were busy Monday overhauling their cars and making everything fast for the racing race Friday. They consider the track far above the average course and feel confident the eastern record of a mile in 1.11 can be equalled.

A vaudeville stage opposite the large stand was built early in the week under the supervision of the manager of the B. F. Keith Vaudeville Co. The platform was put up by Horace Kimball and Ernest Noyes and will hold an elephant.

A bubble drinking fountain installed at the corner of the exhibition hall and under ground drainage, has proved a public convenience and greatly appreciated.

Contrary to the usual custom, Sunday night was quiet and orderly about the grounds. Not many years ago with "girlie" shows predominating, a rough element tagging the products of paint and powder made Rome howl and gave the night officers a run for their money. Not so this year as a different element appeared to be following the various outfits and the "painted beauties" were non-existent or extremely cautious.

Are You Bilious?

If so, you know the symptoms—Loss of appetite, headache, dizziness, nausea and vomiting, frequently meaning prostration for one or more days with loss of time from your regular duties. These attacks vary in frequency and duration, but with a little more care in the matter of diet, they should never occur.

If you would use on retiring a teaspoonful of

LF

that old reliable remedy, the true "L.F." Arrowood Medicine, you would seldom suffer from biliousness or sick headache. If you have not taken this preventative measure, a despondent when the first symptoms appear will usually ward off a severe attack. Keep a bottle handy for immediate use when needed. Your dealer has it, 50 cents a bottle, one cent a teaspoonful.
